**Arizona Polymer Flooring Hosting Concrete Moisture Control Clinic at World of Concrete**  
*Clinic Offered at Trade Show in Las Vegas on Jan. 26; Designed to Help Contractors Combat Excessive Concrete Moisture, the No. 1 Cause of Flooring Failures*

**GLENDALE, Ariz. – (Jan. 9, 2012)** – Arizona Polymer Flooring (APF), a manufacturer of [high-performance flooring products and concrete coating systems](#), is hosting a concrete moisture control clinic for contractors at World of Concrete, the industry's only international event dedicated to commercial concrete and masonry. *Coating Systems that Solve Moisture Problems* will be held Jan. 26 at 11 a.m. in the Silver Lot of the Las Vegas Convention Center.

APF will be showcasing VaporSolve™ Moisture Remediation Systems, highly specialized epoxy coating systems formulated to block concrete moisture vapor from damaging all types of flooring. Unlike competitive product lines, VaporSolve™ can be used on all levels of concrete moisture, from six pounds to 20 pounds or more.

The clinic will feature live installation demonstrations to help contractors understand how the concrete moisture remediation systems work. It is open to all attendees of the trade show.

For additional information on the clinic or VaporSolve™, contact APF at 1 (888) 943-8827 or visit the [VaporSolve™ Online Product Center](#).

**WHAT:** Contractors Clinic: *Coating Systems that Solve Moisture Problems*

**WHEN:** Jan. 26, 2012, 11 a.m.

**WHERE:** [World of Concrete](#)  
Las Vegas Convention Center  
Silver Lot

**WHO:** All commercial and residential contractors who install or maintain flooring are encouraged to attend.

**MORE INFO:** Contact APF at 1 (888) 943-8827 or visit the [VaporSolve™ Online Product Center](#).

APF has manufactured high-quality [concrete coating systems](#) since 1985. It serves contractors, architects and end users nationwide. All APF products are field tested for performance and durability.

### **About Arizona Polymer Flooring**

Founded in 1985, Arizona Polymer Flooring (APF) manufactures high-performance flooring products and concrete coatings systems using advanced polymer chemistry. It has formulated a wide variety of products based on epoxy, polyurethane and acrylic technology. To learn more, visit [www.apfepoxy.com](http://www.apfepoxy.com) or call 1 (800) 562-4921.
